Re: City Profile Show – Saskatoon program

Mr Towstego

I just wanted to congratulate you and your company on the program called The City Profile Show! I recently stayed for the first time in Saskatoon, at the Delta Bessborough downtown. As a first time visitor to Saskatoon I wasn't sure where to go to eat, shop or see the sites. It was a pleasant surprise to discover your program available in my room while watching TV! I was so impressed that I spent some time going to see some of the places mentioned on your show! This was a wonderful introduction to the city and province. As a business visitor, I enjoyed some great meals in the hotel, but during my weeklong stay - I also ventured out and did some fine dining and Second Avenue shopping, thanks to the information on your program! I hope that I will find a similar program running soon across Canada in major hotels. I will certainly be telling others who frequently travel out of town or do business in Saskatoon about the show and how valuable a resource it is.

Sincerely

Paulette Poirier
