Re: THE CITY PROFILE SHOW – SASKATOON

Dear Anthony:

I would like to congratulate you and our team on the success of organizing and producing the latest City Profile Show production and installation, for participating Saskatoon hotels. The brief background on the city of Saskatoon, from its humble beginnings is most interesting.

I feel that the show will help our guests feel more knowledgeable about what Saskatoon has to offer and presents the city in a very positive light. We will be encouraging our staff to view the presentation and inform our guests that it is a valuable source of “unique” Saskatoon information and services, for their viewing pleasure, twenty four hours a day, seven days a week, in each and every room. We have lots of positive comments at our front desk on the show, being a great source of information on our city.

I would like to state as well that you were a pleasure to work with, dealing with the little quirks that come up when installing, promptly and efficiently. We look forward to working with you again and wish you continued success with City Profile Show in Canada.

Yours Truly,
